Creación de la cuenta de Git Hub

The screenshot shows the GitHub mobile app interface for account creation. At the top, there's a status bar with the time 6:27 and signal indicators. Below it is a header image featuring a purple cat-like character. The main heading is "Sign up for GitHub". The form includes an "Email" field with the address "apaola.garcia09@gmail.com" and a link to "Use a different Google account". The "Username" field contains "apaolagarcia09-ops" and is marked with a green checkmark. The "Your Country/Region" dropdown menu is set to "Colombia". Below this, a note states: "For compliance reasons, we're required to collect country information to send you occasional updates and announcements." Under "Email preferences", there is an unchecked checkbox for "Receive occasional product updates and announcements". A large black button labeled "Create account >" is positioned below the preferences. At the bottom, a disclaimer reads: "By creating an account, you agree to the [Terms of Service](#). For more information about GitHub's privacy practices, see the [GitHub Privacy Statement](#). We'll occasionally send you..." The mobile navigation bar at the very bottom shows a back arrow, a home icon, the text "github.com", a refresh icon, and a more options icon.
